HISTORICAL FLASHBACK. YESTERDAY MEETS TODAY.

60's & 70's

ZOGOMETAL was founded in Athens, in 1968 by Dimitris Zogopoulos. Initially, it manufactured door hinges and types of hardware for exterior embrasures. Due to the quality and the competitive prices, the company resided in Greece.

90's

In continuance to the increasing production of the previous decades, the company goes a step further manufacturing high quality curtain rod accessories and always enlarging its collection according to the new trends. During this period, the company extends its installations to 9000 m², as it stands today, and begins exporting to the Middle East.

80's

The collection of the company extends include parts for indoor doors and a few years later the manufacture of door knobs flourishes as well.

At the same time the company (were the first to launch) launched the manufacture and production of decorative material such as:

- Door handles
- Pull doors and door knobs
- Furniture knobs
- Furniture handles

In the mid 1980's, **ZOGOMETAL** enriches its production with fireplace accessories.

The company moves to the privately owned installation in Koropi.

00's & 10's

In 2013, the company the next phase. The succeeding generation, educated and full of vigor and desire, came to contribute novel dynamics (new potential) to the company. Always having the same aim –the production of top quality products which retain their unique (charm) appeal through time- the company updates its mechanical equipment in order to provide high quality products. Besides our motto is "design made to last". The last few years, a new department commenced specializing in the production of special structures.

20's

New technology

A FEW WORDS ABOUT US...

ILAVIO is a new brand of **ZOGOMETAL**.

This idea was born in 2018 and was implemented with great success because **ZOGOMETAL** is a pioneer company in the hardware sector of Greece.

The company designs and manufactures types of hardware which corresponds to market needs. Having as their major aim to produce goods with distinguished aesthetic designs, **ZOGOMETAL** continues its course in time. Besides, our motto is, "design made to last".

ZOGOMETAL is housed in 9.000m² privately owned installations and employs 75 workers. In 2013, it went through a change of leadership and updated its mechanical equipment, this creating a new model of management and operation. It has adopted and followed the ISO:2015 model and was certified by the internationally famous **TUV INTER CERT** with the certification number, **12-Q-0411009-TIC**. The company is able to manufacture and produce large quantities of topmost quality

products. Specifically, it designs, manufactures and produces door handles, pull handles, door knobs as well as:

- Decorative furniture knobs and furniture handles
- Fireplace accessories
- Curtain rod accessories
- Hinges for indoor and outdoor embrasures
- Different types of hardware

Concurrently, the company has a special department designing and manufacturing unique structures.

We export systematically to more than 20 countries and the part in international exhibitions.

After 50 years of consistent presence in the business, we would like to warmly thank everyone who has continually supported us to make a mark and realize the aim of our company. With our motto, "design made to last", we carry on.

“design
made
to last,”

EN 1906:2012

ZOGOMETAL follows **EN 1906:2012**: Building Hardware - Door Handles and Knobs - Requirements and test methods for the evaluation of its products.

Results

Category of use	Durability	Door mass	Fire resistance	Safety	Corrosion resistance	Burglary resistance	type, type design
4	7	-/-	-	0	4	-	B
1-4	6-7	-	0-C1	0-1	0-4	0-2	ABU

• Category of use

Grade 4: High frequency of use on doors which are subject to frequent violent use, e.g. football stadiums, oil rigs, barracks, public toilets, etc.

• Durability

Grade 7: high use - 200,000 cycles
The tests undertaken to achieve these grades involve the application of additional forces to the door furniture in order to simulate the conditions of use likely to be experienced in the field.

• Door mass

No requirement

• Fire resistance

follows ift Rosenheim EN 1634-1

• Safety

Grade 0: Normal use

• Corrosion resistance

Grade 4: Very high resistance - recommended for use in exposed marine atmospheres or very polluted industrial environments

• Burglary resistance

Not control

• Type, type design

Type B: spring loaded door handles

EN 1634-1

ZOGOMETAL follows ift Rosenheim **EN 1634-1**: Fire resistance
In the fire test in accordance with EN1634-2, the test specimen achieved the resistance times listed in the following overview.

**DIN EN ISO 9001:2015
Certificate No 12-Q-0411009-TIC**

ZOGOMETAL follows **ISO 9001:2015** for production of ironmongery. We hereby certify that the quality management system operated by **ZOGOMETAL** is in compliance with the requirements of this standard.
